

Bonterra Energy Announces Participation in the Schachter Catch the Energy Conference

CALGARY, AB, Oct. 12, 2023 /CNW/ - Bonterra Energy Corp. (TSX: BNE) ("Bonterra" or the "Company") is pleased to announce the Company will be participating in the Schachter Catch the Energy Conference (the "Conference"), which will take place on Saturday, October 14, 2023, at Mount Royal University in the Bella Concert Hall & Ross Glen Hall, 4825 Mount Royal Gate SW, Calgary, Alberta. The Conference is being held between 7:30 a.m. MT and 4:00 p.m. MT and features 45 participating companies.

Patrick Oliver, President and Chief Executive Officer and Brad Curtis, Senior Vice President, Business Development, will be giving a 25 minute presentation followed by a 10 minute moderated Q&A session from 2:20 pm MT to 2:55 pm MT. In addition, members of Bonterra's management team will be available throughout the day at the Company's exhibitor booth to meet with attendees and discuss the Bonterra opportunity. Interested parties can register for the conference at this [link](#).

About the Conference

The Schachter Conference is a unique opportunity for active, individual investors with an interest in the energy sector to interact directly with CEOs and other executives as they share stories and answer audience questions in a moderated format. There are 45 companies participating including energy producers, energy services, royalty companies, clean tech along with critical metals companies. The TMX Group is a major sponsor of the Conference, which is designed to provide attendees with information they need to make smart investment decisions in Canada's energy sector, as a new energy cycle gains momentum.

About Bonterra

Bonterra Energy Corp. is a conventional oil and gas corporation forging a grounded path forward for Canadian energy. Operations include a large, concentrated land position in Alberta's Pembina Cardium, one of Canada's largest oil plays. Bonterra's liquids-weighted Cardium production supports the Company's return of capital strategy, focused on generating long-term, sustainable growth and value creation for shareholders. An emerging Montney exploration opportunity is expected to provide enhanced optionality and an expanded potential development runway for the future. Our shares are listed on the Toronto Stock Exchange under the symbol "BNE" and we invite stakeholders to follow us on [LinkedIn](#) and [X](#) (formerly [Twitter](#)) for ongoing updates and developments.

Forward Looking Information

Certain statements contained in this release include statements which contain words such as "anticipate", "could", "should", "expect", "seek", "may", "intend", "likely", "will", "believe" and similar expressions, relating to matters that are not historical facts, and such statements of our beliefs, intentions and expectations about development, results and events which will or may occur in the future, constitute "forward-looking information" within the meaning of applicable Canadian securities legislation and are based on certain assumptions and analysis made by us derived from our experience and perceptions. Forward-looking information in this release includes, but is not limited to: expansion and other development trends of the oil and gas industry; business strategy and outlook; and expansion and growth of our business and operations.

All such forward-looking information is based on certain assumptions and analyses made by us in light of our experience and perception of historical trends, current conditions and expected future developments, as well as other factors we believe are appropriate in the circumstances. The risks, uncertainties, and assumptions are difficult to predict and may affect operations, and may include, without limitation: foreign exchange fluctuations; equipment and labour shortages and inflationary costs; general economic conditions; industry conditions; changes in applicable environmental, taxation and other laws and regulations as well as how such laws and regulations are interpreted and enforced; the ability of oil and natural gas companies to raise capital or maintain its syndicated bank facility; the effect of weather conditions on operations and facilities; the existence of operating risks; volatility of oil and natural gas prices; oil and gas product supply and demand; risks inherent in the ability to generate sufficient cash flow from operations to meet current and future obligations; increased competition; stock market volatility; opportunities available to or pursued by us; and other factors, many of which are beyond our control.

The forward-looking information contained herein is expressly qualified by this cautionary statement.
